COMPANY PROFILE

## BACKGROUND

Noor al fareej ac unit fix cont. was found on the principles of family values. We take pride in providing honest and genuine care for all of your air conditioning installation and repair needs all over UAE.

We know that when you need an air conditioner repair, it is not only quick service that you need but premium service that can be counted on no matter what.

At Noor al fareej, we want you to be the best assured that staying cool in summer and warm in winter is our job and we pride ourselves in the integrity of our work.

Since 2007, we have provided the customers around UAE with top-notch air conditioner installation and repair all general HVAC services, air duct cleaning, and air duct replacement.

No matter how big the job, whether a commercial AC installation or a residential AC installation, our team of experience professionals has you covered!

### **Vision**

To be the leading supplier of heating, air conditioning, ventilation, refrigeration and related products by 2022.

### **Mission**

As a company we seek everlasting relationships with our customers. We look for opportunities which allow us to bring our strength to resolve interesting and difficult problems thereby assisting our clients to meet their technological and infrastructural objectives. These opportunities allow us to grow both as individuals and as a company.

## **Values**

In doing this we are guided by these core values:

### **Customer Centric Services**

We place customers at the center of our activities and our quest to satisfy their need drives everything we do.

### **Teamwork**

We understand and believe that thinking, planning, decision making and actions are better when done cooperatively.

### **Innovation**

We continuously introduce new products which satisfies rapidly ever-changing consumer taste and preference.

### **Excellence**

We are determined to continue following the road of ISO standard's to continuously improve quality of product offering to our highly valued customers.

## Aircons for Home Use

### Split Airconditioners

The most popular choice today for home airconditioning, these have separate indoor and outdoor units, requiring only a small hole for installation, and are very quiet in operation.

### Under ceiling Air conditioners

### Floor Standing Air Conditioners

Ideal for large open-plan areas especially retail or commercial environments. Eco-friendly R410A gas Heating/cooling Indoor airflow up to 5100 m<sup>3</sup>/h

### Ceiling Cassettes

Mounted in the ceiling, these are often used in commercial applications as well as in upmarket homes. Like Splits, they have separate outdoor units and are extremely quiet.

### Window Wall Units

Basic entry-level units, these are available in heating and cooling as well as cooling only. As they require a large opening to be made in a wall or window, they are best suited for applications where provision for them is made at building design stage.

## Air conditioners for Commercial use

### Digital Variable System

Revolutionising larger airconditioning installations in South Africa, Samsung's Digital Variable Multisystem ensures highly-efficient and environmentally-friendly airconditioning for commercial use as well as upmarket luxury homes.

### Ducted Split Airconditioners

With an indoor unit mounted in the ceiling linked to a separate outdoor compressor unit, ducted splits allow the cooling of several areas via ducts in ceilings or walls.

### Rooftop Airconditioners

Rooftop air conditioner is a self-contained unit which is usually installed on the rooftop of a commercial building. The type of unit can be for cooling only, heating only or a combination of both. Departmental stores, cinemas and supermarkets are ideal buildings for

### Ceiling Cassettes

While ceiling-mounted cassette airconditioners have previously been used more often in commercial applications, they are now also finding favour in upmarket home applications. As the compressor unit can be mounted up to 50 metres away from the ceiling

## Refrigeration Equipment

**Condensing Unit**

**Evaporative Cooling Unit**

- HC/HDR-300 Evaporators
- HC/HRR-500 Evaporators
- HC/HSR-500 Evaporators
- HC/HPR-500 Evaporators
- HC/HSR-300 Evaporators

**Commercial Compressors**

Available on MT, LT and NTZ range

## Managing Director's Message

### QAISER ALI - MANAGING DIRECTOR

In the current process of widespread globalization, we understand that meeting our customer's requirement is essential to the success of our organization. We can say that the years we experienced in the past are significant years and it is clearly seen that we have intensively delivery our best performance to focus on customer satisfaction.

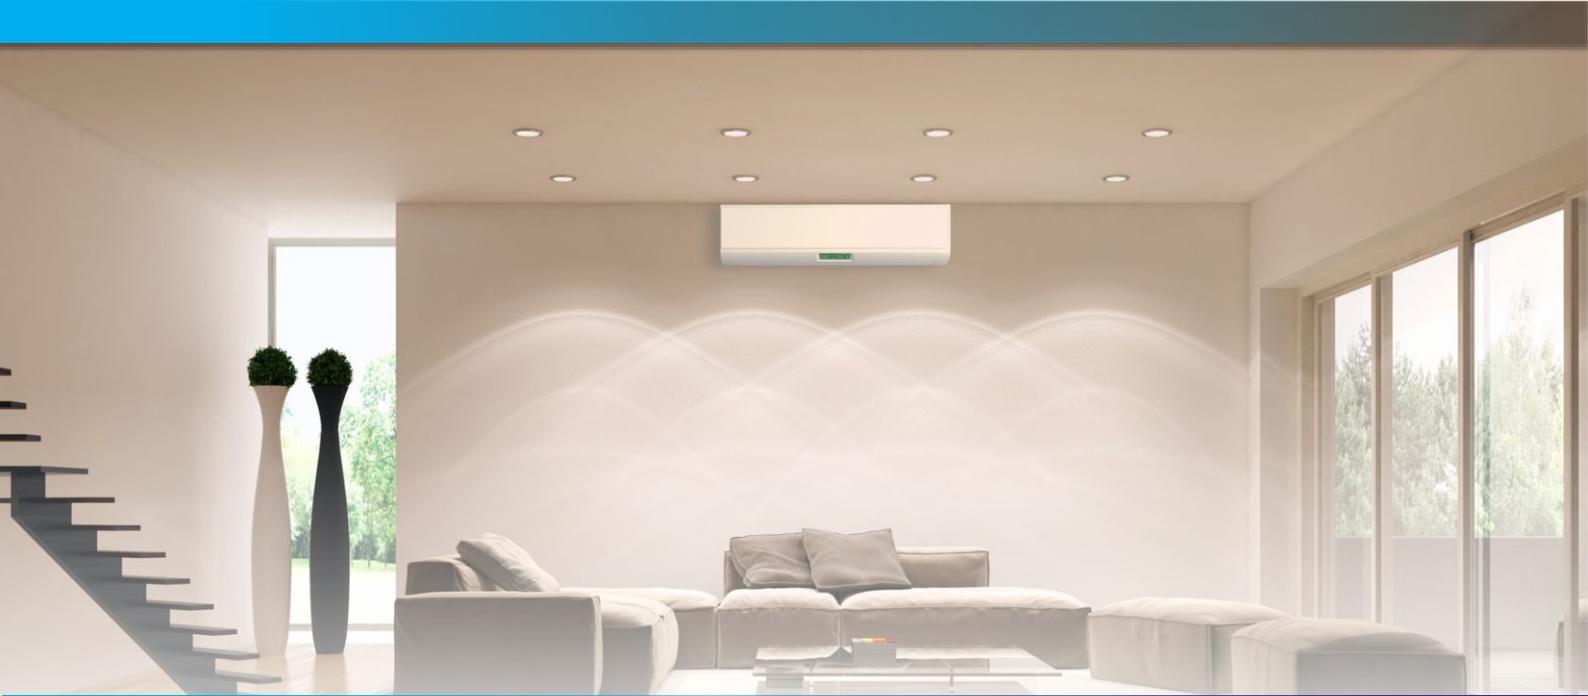

On behalf of the Board of Directors, I would like to thank our valuable customers, reliable dealers and world-class suppliers. Besides, I would like to make a special mention of our staffs' enthusiastic contribution in establishing our organization. The one thing I would like to present is that our leadership is a result of our employees. They have clearly made NOOR AL FAREEJ one of the outstanding organizations. We know our highly trained engineers apply their specialized knowledge to reliably and efficiently produce high quality service.

We are now in an ever-changing market environment. In such situation, we firmly believe that "trust" is the key element in persuading customers to choose our quality products. We totally accept that "trust" can create a "Win-Win Situation" for a long deeper relationship.

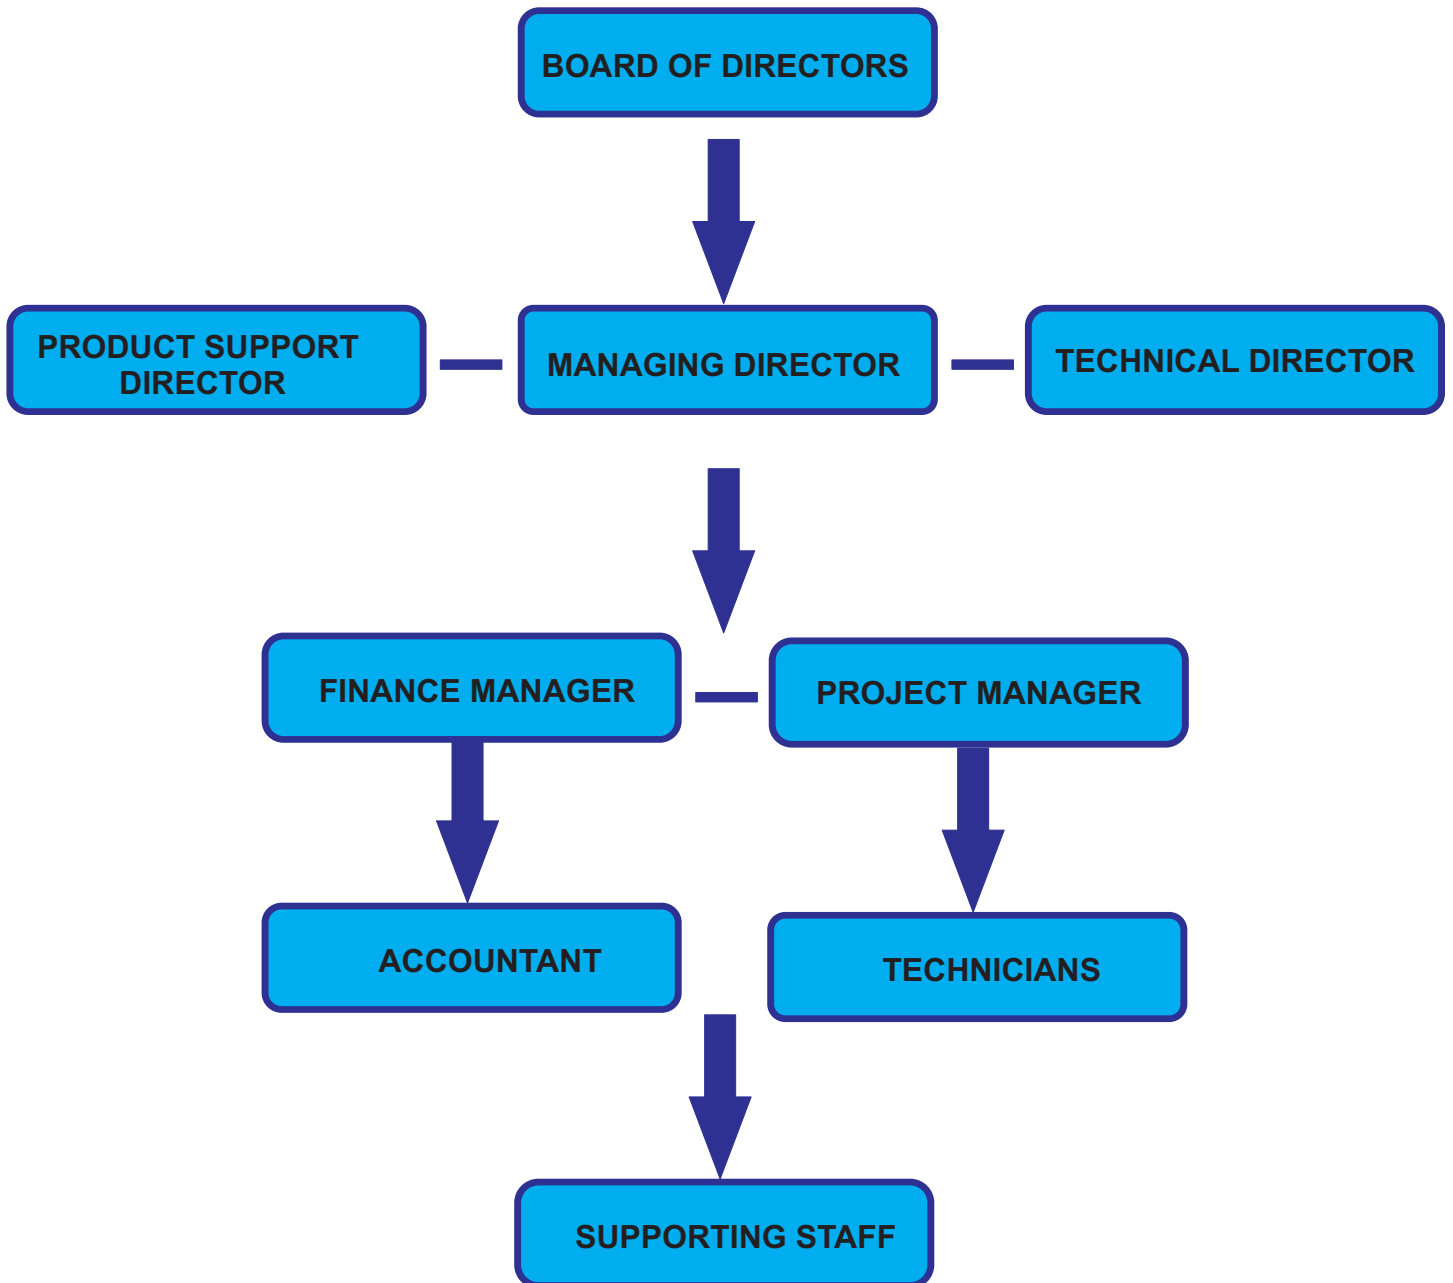

Our distributed products with latest technologies and excellent service are diverse. It is easy to find them in every corner industrial activity and community living. We will continue our endless effort to serve our valuable customers.

So in summary, I would like to thank again all those who have contributed relentless hard work and effort of the past to bring up here today and will continue to grow for years to come.

Yours sincerely  
Qaiser Ali
